The park is programmed for year-round enjoyment and is anchored by Pinkerton's BBQ, a Texas Monthly recognized BBQ restaurant.

UTSA EXPANSION

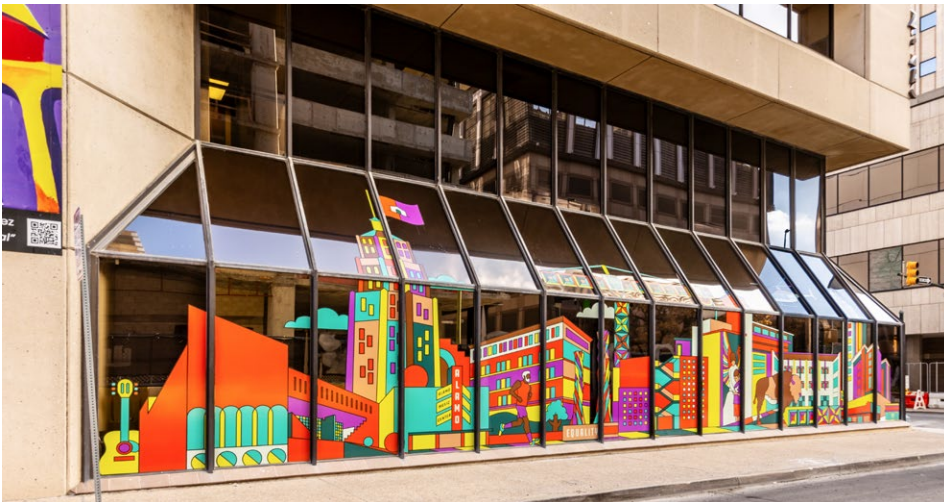

The UTSA School of Data Science officially opened San Pedro I in Q1 2023. The school will eventually house 10-15K students and create a pipeline of highly qualified data scientists in San Antonio. The building also houses the National Security Collaboration Center, which announced a new project to work with the U.S. Census Bureau to expand how the agency collects and uses data. UTSA is now building the new Innovation, Entrepreneurship and Careers building, called San Pedro II. The 180,000 sf building will further connect students to San Antonio's business community, especially in business, engineering, and sciences.
